# INTRO

**PinKarpetsStudio** is perched in the mountains near Castellammare del Golfo, just 50 km from Palermo and Trapani. Nestled between two natural reserves - one mountain, Monte Inici, and the other marine, Lo Zingaro - it is the perfect rural retreat to create and work and enjoy the natural beauty of the Mediterranean.

The accommodation facilities and creative spaces are within the Azienda Agricola Acquaviva, which produces extra virgin olive oil and seasonal vegetables. It is the ideal place for stimulating walks and to get in touch with nature, while someone's always ready to help light a bonfire for the starry nights.

# STUDIO

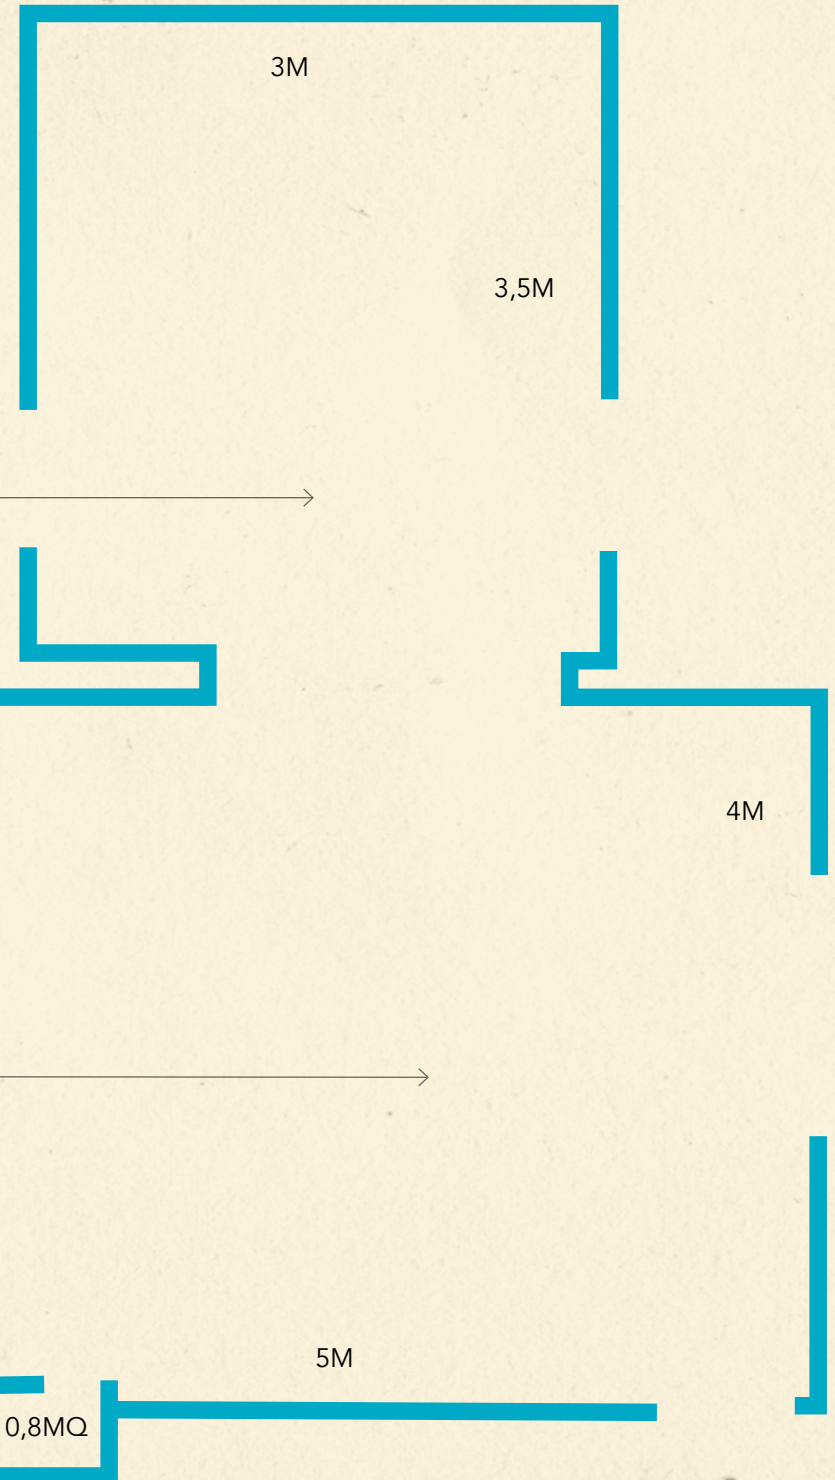

The studio has a surface of 41 square meters.  
The floors are made of wood as well as  
most of the walls and ceilings.

**Room 1** - audio direction, video editing,  
audio/video post-production

**Room 2** - total wood

**Room 3** - wood + glass

**Room 4** - vox-box

# RADIO

PKS is the home of the web-radio radioeffetto48.

The radio was born out of three editions of the multidisciplinary arts festival EFFETTO48 ('20, '21, '22) which were documented and collected in audiovisual archives. This material represents a part of the palinsesto which is continuously integrated with live musical sets recorded on site, interviews with guest artists, external thematic podcasts. radioeffetto48 believes in the power of the arts for the benefit of the collective.

# WELCOME

**eat listen drink sleep take care:** the old stone farmhouses have been renovated according to ecological principles, recycling materials and combining functionality with respect for nature.

**sleep** - Sleep - In total, the structures have 15 beds distributed as follows:

- a) the rooms in raw earth - two double rooms in an old stone farmhouse, renovated with "pozzolana" and plastered in rammed earth.
- b) The rooms in the studio - a double and a triple in close contact with the studio...one step away from creativity!
- c) The caravans - two caravans, a double and a triple, both immersed in nature with breathtaking views of the blue Mediterranean. One in an olive grove, one under a hundred-year-old carob tree, where you will be kept company by two donkeys and a mare who are part of the local staff.
- d) 7 tent spaces - immersed in the olive grove, a total dive into nature.

**eat** - In one of the farmhouses there's a kitchen where you can prepare simple and genuine meals using mainly products from the farm, such as extra virgin olive oil, seasonal vegetables and eggs, as well as pizza and bread cooked in a wood oven.

**take care** - areas dedicated to holistic treatments and disciplines to prepare you for the creative act, such as a sweat lodge.
